

Greenwood Board of Education recognizes that fundraising events held are to benefit the students or the district as a whole. The district is appreciative of the generosity of organizations and individuals that provide support for students, programs and the district as a whole.

It is the policy of the Greenwood Board of Education that students, staff members and District facilities not be used for advertising or promoting the interests of any non-school related agency or organization, public or private, without the approval of the District administrator or its delegated representative; and any such approval be granted for whatever cause or group, shall not be construed as an endorsement of said cause or group by the board.

Posting of fundraising events on the district website is not always an accurate reflection of approved events scheduled throughout the year as individuals and groups may use other sources for promotion. We encourage you to contact the school offices for any questions you may have.
